

EAA CHAPTER

NUMBER 569

• A LOCAL CHAPTER OF THE EXPERIMENTAL AIRCRAFT ASSOCIATION — BOX 229, HALES CORNERS, WISCONSIN 53130 •

OF Lincoln Nebraska

August 1979

August Meeting

Tuesday, September 4th at Clubhouse, Arrow Airport. 7:30 PM. A couple of interest films are planned.

Oshkosh '79

A joint picnic with Chapter 80 at Oshkosh was again enjoyed by all present. Rollie and Mary again took care of providing the chicken from the Colonel. Our own Lincolnite, Charlie Carrothers, in his highly modified Pitts put on one of the best aerobatic performances Oshkosh had ever seen.

Continuing Saga of FAA Ripoff

Washington (AP) Aug. 18th. Article stated Longhorne Bond's plans to update 86 satellite airports (airports with more than the 20,000 carrier operations a year) at an initial cost of 100 million for electronic landing aids, automated weather-reporting equipment and improve runways, taxiways and parking aprons. The financing for all this to come from, where else, the Airport Development Funds. No mention of building any new satellite airports - just throw more millions at the already congested major terminals. Speaking of major air terminals, the FAA has recently awarded Atlanta's Hartsfield International a \$200,000 grant to build a sculpture and other art in its terminal complex. Seems to us that Safety Deficiencies at Atlanta would get first priority over "Artistic Expression" in Airport Structures. You guessed it --- to be paid for out of ADAP Funds. Appears the airlines are really getting their money's worth out of Longhorne's Bond.

Ultra-Lite Club

Rollie Woodruff is organizing an Ultra-Lite Club in Lincoln and would like to hear from any serious building of this increasingly popular type of aircraft. Contact Rollie at 488-3150.

Silver Wings

An invitation to all 569 members with or without wives. October 6th, Legion Club. Cocktails and Dinner, "Dutch Treat". Dick Joyce will be the speaker.

See you all Tuesday - Sept. 4th
