

December Meeting EXPERIMENTAL AIRCRAFT ASSOCIATION Lincoln, NE.
Chapter 569
Newsletter

December Meeting: Our next Chapter meeting will be held on Tuesday, December 12th at 7:30 PM, in the Club house at Arrow Airport. Our speaker will be William Durand, designer and builder of the Durand Mark V, which was featured in the November issue of Sport Aviation. Bill will describe his new design and its unique features such as the use of spoilers and full wing flaps as well as the many other unique design features present on the modern biplane. Bill is a professional engineer and has designed and built four other airplanes. Bill is also a member of EAA Chapter 80 in Omaha.

Election Report: The results are in and final. The new officers for the 1979-year are:
President--- William(Bill) Sheahan
Vice President---Don Mosher
Secretary/Treasurer---George Wright
Gentlemen, Congratulations!!! I would also to express my sincere thanks to all who were nominees for the three offices, and hope that all club members will give their full support to these three fellas this next year.

Chapter 569 Movies: The showing of the movies, Rear Gunner and Air Force came off as a real success. We estimated that there were 135 persons in attendance at the November showing of the two movies. The Chapter grossed \$220.00, but after paying all of the expences, we will have an additional \$20-30 for our treasury. The profit was small, but we did show a profit and most importantly, those of us who attended the movies really enjoyed the two classic films. I want to express my thanks to those members who sold tickets to the films and were important in making the event a real success.

Farewell: This will be my last newsletter as the Chapter Editor and my last meeting as President. Thanks go out to those of you who were always willing to lend a hand whenever I asked for help. Best of luck to each of you and remember, your new officers deserve the same help in this new year.

Lowell Zatterlee
President & Editor
