Lincoln, Ne 68506

DECEMBER NEWSLETTER

DECEMBER MEETING: Our next meetings will be Tuesday December 2 1980 at 7:30 P.m. in the employee lunch room at Duncan Aviation. Our speaker for the evening will be Val Hruska from the Nebraska Department of Aeronautics.

NOVEMBER MEETING: The annual election of officers for the year, unlike the national election returned the incumbents to office for another year. A new Vice President, Jim Stephens was added to round out the slate of officers for the 1981 operating year.

ULTRALIGHTS: A meeting of ultralight enthusiasts has resulted in the formation of a Lincoln ultralight chapter, hopefully National Chapter #2. Rollie Woodruff was elected President of this new chapter and immediately filed the necessary paperwork with national headquarters in hopes of obtaining the #2 chapter designation. If you are interested in joining this fast growing segment of EAA, contact Rollie Woodruff or John Camden.

EAA CALENDARS: We still have a few EAA calendars left. They are going fast. If you ordered one and did not pick it up at last months meetings, be sure to make the December meetings.

SPRING FLING: At our November meeting plans for a spring fly-in (mini-Oshkosh) to be held at the Beatrice Airport were discussed. Floyd Olsen agreed to head up the organizing committee and will probably be looking for volunteers to assist him as the various responsibilities are enumerated. This activity could join other EAA chapters and flying organizations in eastern Nebraska to make a really first class meeting of aviation enthusiasts. Technical seminars, how-to-do-it programs, and featured entertainers are planned for this weekend activity. Your cooperation and participation will be greatly appreciated by Floyd and his staff.

IFR PILOT REFRESHER COURSE: In case you haven't received a previous notice, the Nebraska Department of Aeronautics is presenting a program December 4 from 7 to 10 P.m. at McPhee school auditorium to review and update your knowledge on IFR flight operations. No registration fee will be required and attendance meets the requirements for the safety seminar portion of the FAA Pilot Proficiency Program and Safe Pilot '80 Sweepstakes.

CHAPTER 569 WINNERS AT AIRSHOW '80 - Best Exterior Paint: Jeff Clausen with his S. S. Pitts, Best Homebuilt: Jim Stephens with his RV3, and Best Rotocraft: Jim Smisek with his Scorpion.
