Art Craft, Secy-Tr.
3401 Grimsby Lane
Lincoln, NE 68502
402/423-9675

FEBRUARY MEETING: The February meeting will be held at the Town & Country meeting room, 5619 "O" St., on Tuesday, February 1 at 7:30 PM. Norman Harris will be our guest to discuss modifying a Kawasaki 900 cc motorcycle engine for aircraft use. This is the engine that most of us saw at the October meeting and is now being test flown by Molt Taylor.

NEWS UPDATE: Bob Murray has formulated an "Information Alert System" to be used in the event that the membership needs to be contacted on short notice for a meeting change, information dissemination, or anything that can't wait for the next meeting or newsletter. If you know of something that falls into this category, local fly-in, aircraft or parts for sale, etc., contact one of the officers with the information to start the alert. Some of you will receive 3x5 cards with your newsletter, on this card is the name and number of the people you should contact during an alert. Try contacting these people when you get your card to verify the information and also get a business phone number if needed.

Apparently the new sign in roster at the January meeting was confusing. We would like everyone to sign in at each meeting; but members need not fill in address and phone number, unless it has changed. If you see a visitor at a meeting, get acquainted and make them feel welcome. The more diverse our membership is, the stronger our group will be.

Thanks to Jerry White for getting the January newsletter copied.

The Oshkosh '77 dates are July 30 through August 6. I flew a Cherokee 6 up last year with 5 aboard, including my wife, for about \$45 a seat. We spent about 1/3 of our time enjoying this beautiful city and the rest admiring airplanes and displays at the field. We also managed a stop at the museum on the way up. Make it a flying vacation this summer and take your wife; there's more than airplanes in Oshkosh.

WANTED: Program ideas for upcoming meetings. Do you want how-to sessions, movies, lectures? Bring ideas to February meeting.

FOR SALE: Salvaged Lycoming 160 HP, condition unknown. Contact Terry Landenberger, Route 1, York, NE, 402/736-4433.

WANTED: VariEze builders. If interested in starting an informal group to share experiences and ideas, and maybe a helping hand when needed, contact Judson Bock, 11029 Franklin St., Omaha, NE 68154, 402/498-0368 (home) or 221-3830 (work).

NEWSLETTER & MEMBERSHIP INFORMATION: Remember, your input to the newsletter is a necessity if we are to have an outstanding publication. Guests are welcome at two meetings and are then invited to join. Dues are \$12 and membership in National EAA is encouraged, but not mandatory.

ROSTER CORRECTIONS: Be sure that the following corrections and additions are on your roster.

Ed Bowes 432-7945
