

JANURARY 1978

EXPERIMENTAL AIRCRAFT ASSOCIATION LINCOLN, NEBRASKA
CHAPTER 569
NEWSLETTER

NOTE FROM THE CLUB OFFICERS: A Seasons Greetings from the new club officers: Bob Murray-President, 2800 Woods Blvd. #312 (423-8001); Lowell Satterlee-Vice President, 8311 South St. (488-4193) and Jerry White-Secretary Treasurer, 6335 Aylesworth Ave. (464-1934).

THE JANURARY MEETING: The Janurary meeting was moved from the first to the second Tuesday evening in Janurary(Jan 10th) because of the Holiday rush. The meeting will be held in the Multipurpose Room of St. Marks United Methodist Church- 70th and Vine, at 7:30 on Tuesday, Janurary 10th. The Multipurpose Room is located on the first floor of the office bldg.(the west bldg. of the church complex). I hope to be able to announce at this meeting a permanent meeting place for the club for this next year.

The program for this meeting will be one of our most important programs for the year: "Setting the Priorities, Projects and Programs for EAA Club # 569 for 1978". Now that we have several sucessful projects behind us and our treasury has been built-up, we need the guidance from every club member on what our goals for 1978 should be. PLAN TO BE THEIR, YOUR INPUT IS NEEDED!

NEWS UPDATE: I have just learned that our past president, Buck Postlewait, is joining the Collins Radio Div. of Rockwell International, Cedar Rapids, IA. Buck, we wish you and Cheryl the best and we will certainly miss the two of you.

Rollie Woodruff has relayed to me information sent out by the EAA Headquarters concerning suggested changes in the recertification of Amateur Built Aircraft. Rollie will update us on this information at the meeting.

Don Shoemaker is heading up the disassembly of the Arrow Sport, and its transfer to the Lincoln Municipal Terminal. Don needs some help!" Volunteers should call Don and let him know, then report to the First National Bank Hangar (Behind Lincoln Aviation) at 1:30 on Sunday, Janurary 8th.

Don Shoemaker has also taken an active interest in the facilities available, or lack of such, for small aircraft owners, at the Municipal Airport.

I have asked Don to report to the club at the upcoming meeting on this situation.

EAA CHAPTER LIBRARY: President Bob has come up with a grand idea: Those club members who have Aircraft Information Packets or Plans that they are no longer using, could donate or loan them to the club library. These packets or plans would then be available for members to study, inorder that they can better

decide which aircraft to build, without having to go to the expense of buying many different information packets and plans.

DATE AND PLACE FOR THE MONTHLY MEETINGS: When EAA Chapter 569 was first organized in April of 1976, we chose the first Tuesday of the month as our meeting date. Well that was quite some time ago, and many things have changed since then. I would like this note to stimulate your thinking about the date (day of the week) for the monthly meeting. This subject will be discussed at the next meeting, and the day changed if it will benefit our club members.

I also hope we can find a more permanent meeting place for the club. I hope to report of possibilities to the club at the next meeting.

Hope to see you on the 10th!

Lowell Satterlee
Vice President
