JUNE NEWSLETTER

JUNE MEETING: Our next meeting will be Tuesday, June 2 in the second floor conference room of Lincoln Aire. For those of you who missed the LAPA meeting and did not see the ALCOR presentation on the use of exhaust gas temperature measurements for aircraft, we have been extremely fortunate in securing this video cassette for our June meeting. We will also have a Piper film that should be of interest to all.

MAY CHAPTER PICNIC: Some 38 hardy souls braved the inclement weather to attend a Sunday afternoon picnic at the Seward Airport May 17th. Although the rain and fog prevented any fly-ins, a number of members from neighboring chapters drove in to enjoy genuine Wisconsin Bratwurst, burgers, and some mighty tasty dishes prepared by the distaff side of our membership. A special thank you to Ken Dahle and his wife for allowing us to use his hangar and for providing all the gifts and door prizes.

Through the generosity of those in attendance we were able to mail several set well cards and a check for \$100 to Jim Smisek who is recovering from an accident in his Scorpion helicopter.

CHAPTER PATCHES: Norm Finch has placed an order for chapter patches which should be available by our July meeting. He will have a drawing of the final configuration to show us at the next meeting. Each paid up member will receive one patch. Additional patches will be available for \$2 each.

Also a source has finally been found for chapter name tags - should have more info by meeting night.

*** COMING EVENTS ***

Saturday June 13th from 8 a.m. until noon there will be a fly-in at Exec Aviation, Hall County Airport (Grand Island). Call the tower on 118.2, ground on 121.6, or unicom on 122.95

Sunday June 14th Lincoln Aviation Days on the General Aviation side of Lincoln Municipal Airport - watch local papers for details as to starting time and schedules of events for a day of aviation activity and displays.

June 20 & 21 the McCook Jaycees will be sponsoring an air show at the McCook Municipal Airport. Jaycee officials say they hope the show will promote a better understanding of the value of aviation and educate young people in the capabilities of aircraft.
