Art Craft, Secy-Tr.
3401 Grimsby Lane
Lincoln, NE 68502
402/423-9675

MARCH MEETING: The March meeting will be held in the Town & Country meeting room, 5619 "O" St., on Tuesday, March 1 at 7:30 p.m. Norman Harris will make a presentation concerning his work on modifying a Kawasaki 900cc motorcycle engine for aircraft use. This presentation will be well worth the wait.

NEWS UPDATE: Confirmation has been received on the films that were discussed at the January meeting. The films, "Engine Cooling Systems" and "Stress", are scheduled to arrive for the April 5th meeting. Both movies have sound and look very interesting. Make plans to attend and bring a friend.

We now have a program committee. Lowell Satterlee, Jerry White, Don Mosher, Dave Hayes and Bill Sheahan graciously 'volunteered' at the February meeting. I'm sure the programs planned by this group will be excellent and well worth attending. If you have an idea for a program, contact one of these people. I'm sure that your interest and support will be appreciated.

The dues have been coming in and the treasury is in much better shape now, but there are still alot of members who have not renewed. The chapter needs everyone of you if it is to be successful. Remember that memberships are due for renewal by April.

We had an interesting discussion with Rudy Peralez, Director of the Nebraska Dept. of Aeronautics, at the February meeting. The possibility of publishing the availability of 80 octane fuel in Nebraska in PIREPS was suggested. If you are in favor of this, send a letter to the Dept. of Aeronautics at the Municipal Airport. These people are interested and want to know what we as users of the airways need.

NEW MEMBER: Our newest member is Scott Clifford, 2728 Laurel St., Lincoln, NE., 68502, Phone: 423-2728. Please add Scott to your roster.

NEWSLETTER & MEMBERSHIP INFORMATION: Remember, your input to the newsletter is a necessity if we are to have an outstanding publication. Guests are welcome at two meetings and are then invited to join. Dues are \$12 and membership in National EAA is encouraged, but not mandatory.
