Chapter Meeting Tuesday, July 7th

Time: 7:00 p.m.
Place: Crete Airport
Program: Aircraft Projects
Old Eagle Rides

The July meeting will involve a variety of activities. It is an opportunity to view completed and on-going projects (At last count there were 11 home built aircraft at Crete), get a demonstration ride from a fellow EAA member who just needs an excuse to fly, get acquainted with the new FBO at Crete, share airplane stories, or just enjoy the good weather we have ordered.

No August Meeting

Because everyone who has good sense, good taste and good fortune will be at Oshkosh, there will be no August meeting of EAA 569.

Young Eagle News

Since the last newsletter we have had three successful young eagle outings, one hosted by Capital Aviation on May 16th, another hosted by Silverhawk Aviation on June 6th and another hosted by the Beatrice Airport Manager and his staff. All were marvelous events with lots of airplanes, generous hosts and near perfect weather. Approximately 50 kids were flown at each event. The Club extends its sincere appreciation to all of our hosts for providing facilities, refreshments

and making other contributions to the Young Eagle program.

We also extend our appreciation to Lincoln ATC for their gracious provision of outstanding air traffic control services at both Lincoln based Young Eagle events. We are certainly very fortunate to have the best ATC system in the world staffed by very patient and skilled controllers. Moreover, in my experience there are none any better than those who occupy the Lincoln Tower.

Schedule of Young Eagle Events

Seward, 8:00 - 11:00, **Saturday, July 4th**
Crete, 8:00 - 12:00, **Sunday, July 26th**
Nebraska Air Guard, 9:00 - 12:00, **Saturday, August 15th**
Shoemaker's, 9:00- 2:00, **Saturday, September 12th**

Nebraska Air Guard Activities

Aircraft Displays. EAA 569 members are invited to display their aircraft prior to and during the airshow on Sunday, August 16th. A display area will be set up on the west side Lincoln Airport.

Barbecue Invitation. All EAA members are invited to the barbecue scheduled for 7:00 P.M. on August 15th. The cost is \$2.00 and tickets must be purchased before the event. Tickets will be available at the club meeting on July 7th and afterwards from either George Myers (464-2417) or Ray Supalla (423-5297).

Air Academy Attendees Selected

Congratulations to Derek Whisler and Cory Brock for being selected to attend the Air Academy at Oshkosh.

Roger Aspegren Becomes VIP

Roger Aspegren was recently appointed by AOPA to the position of Airport Support Person for the Lincoln Airport. This is a liaison role as part of AOPA's continuing support for the nations airports.

Oshkosh Travel Plans

After several years of securing great camping spaces at Oshkosh for attendees from Eastern Nebraska and Western Iowa, the Daniel's have announced that they will be unable to do so this year. Efforts are underway to work out an alternative. Call Roger Aspegren for current information.

Newsletter Efficiencies

This is the last newsletter you will receive until late August. With the August meeting canceled there is little need for a July newsletter and with all the summer opportunities for fly-in pancakes and Saturday airport donuts, there is just too little time.

Fly-In Opportunities

- July 11th, Offutt Air Force Base and FAA Sponsored Fly-In.
- July 12th, O'Neill Airport Fly-In & Airshow. Pancakes 7:30 to 11:00.
- July 12th, Tekamah Airport Annual Fly-In. Pancakes 8:00 to 12:00.
- July 19th, Koinzan Airport, Elgin Airport, EAA Fly-In Breakfast, 7:00 to 12:00.
- July 26th, Crete Fly-In Breakfast, 7:00 to 11:00.
